

SUMMER SALE

2024 CONCEPT

LONDON DOOR COMPANY

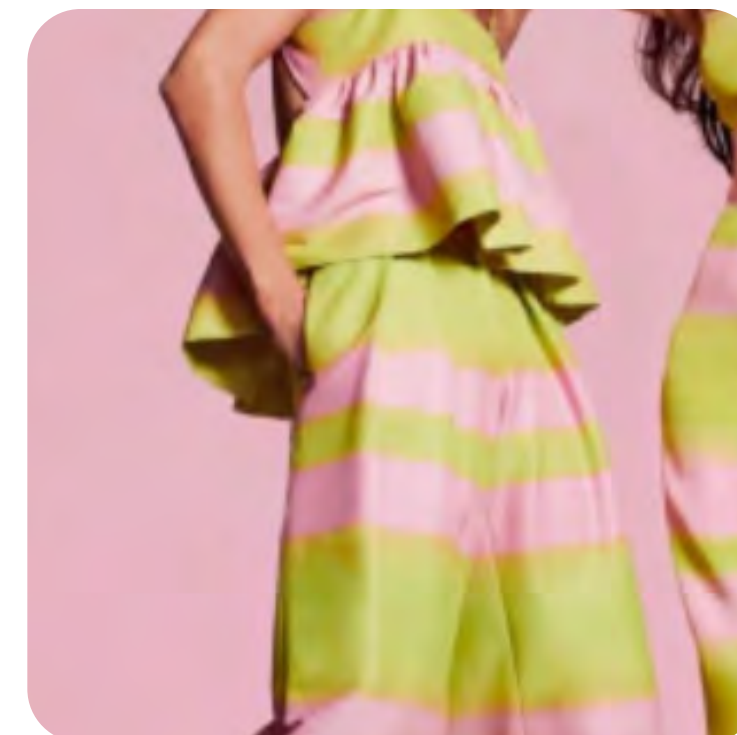

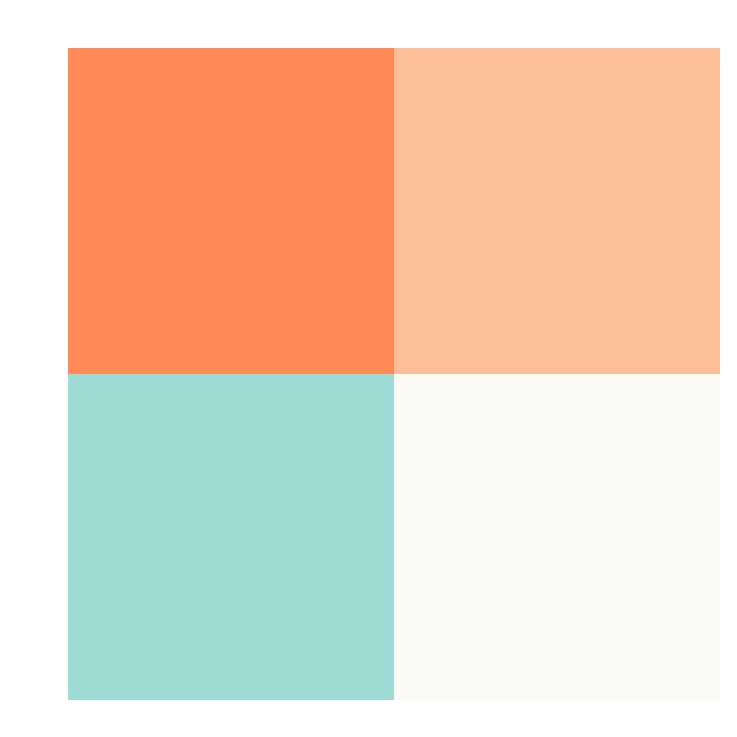

MOOD BOARD

Pattern:

Playful geometry is very popular for 2024, which complements a bright and bold colour palette. For the concept we have kept the pattern simple and easy for the audience to digest.

Colour palette:

As the colour of 2024 is on the orange spectrum, Peach Fuzz and Apricot Crush, it made sense to pair a fresh, juicy orange with Tiffany blue, for this concept. It promotes an energetic summer vibe with a softer and sophisticated touch.
